Software Engineer in Test

SAM CONNELLY

HERE TO HELP YOUR TEAM BUILD QUALITY PRODUCTS

I enjoy helping teams improve their own quality engineering practices. Over **10 years in tech**, my specialties are mobile app development, microservice architecture and finance.

See these talks for an example of my communication style:

- A Mobile App Test Strategy
- Improving your testing skills

CAREER HIGHLIGHTS

APR 2021 - CURRENT

Director, BugHunterSam PTY LTD

12 month contract with (e-commerce), built test frameworks for a digital transformation microservice project. Consulted and implemented on test strategy. Reduce oversold stock (an average $550K per week problem) with a typescript based test harness.

Tech: Typescript (Jest, Super Test), Node, Java, Postman, SAP (Hybris), Azure (DevOps, CosmosDB and EventHub), GitHub Actions, Jenkins & AWS (Kafka)

MAY 2019 - APR 2021

Senior QA Engineer, Commonwealth Bank of Australia

Lead testing for an investment mobile app; built adobe analytics dashboards to provide key business insights, provided competitor analyst insights, participated in code reviews, executed on a mobile app test strategy and championed accessibility standards.

Ran retrospectives, facilitated standups and ran bug backlog grooming sessions. Scrum Agile.

Tech: Swift (XCTest), Kotlin (Espresso), Appium, C#, Postman, TeamCity and SQL

DEC 2014 - NOV 2016

Test Engineer, Tyro Payments

Tester in Agile (Extreme Programming) iOS team. Lead performance testing initiatives, assisted product with SQL/Tableau reports and managed integrated test environments.

Tech: Swift (XCUITest), Java, JMeter, VMWare, Jenkins and PACT Contract Testing

OTHER TECH SKILLS

- Security Testing
- Linux/Mac/Windows
- ACS member since 2012
  - certified tech professional

ACHIEVEMENTS

- Past Leader of Sydney Testers Meetup Group
- Presented at 18 conferences
- Past President of Robogals UTas

EDUCATION & TRAINING

- Graduate Diploma in Financial Advice (TAFE NSW, 2020 - 2022)
- OWASP's top 10 security testing (2016)
- Rapid Software Testing by James Bach (2015)
- Bachelor of Computer Science (UTAS, 2008 - 2012)
