*Lead Software Engineer in Test*

# SAM CONNELLY

## HERE TO HELP YOUR TEAM BUILD QUALITY PRODUCTS

I enjoy helping teams improve their own quality engineering practices. Over **10 years in tech**, my specialties are mobile app development, microservice architecture and finance.

See these talks for an example of my communication style:

[- A Mobile App Test Strategy](#)

[- Improving your testing skills](#)

## CAREER HIGHLIGHTS

*Director, BugHunterSam PTY LTD*

3 month contract with FrankieOne (API for identity checks) as a interim QA manager, coached testers on improvements, developed a performance testing spike's and improved test strategy.

Tech: AWS, K6, Postman, Cypress, BitBucket, PACT, Go

6 month contract with Big W (e-commerce), built test frameworks for a digital transformation microservice project. Reduce oversold stock (an average \$550K per week problem) and improved realtime availability of stock levels.

Tech: Typescript (Jest, Super Test), Java, Postman, Azure (DevOps, CosmosDB and EventHub)

*Senior Test Engineer (Mobile), Commonwealth Bank of Australia*

Lead testing for an investment mobile app; built analytics dashboards to provide key business insights, provided competitor analyst insights, participated in code reviews

Ran retrospectives, facilitated standups and ran bug backlog grooming sessions. Scrum Agile.

Tech: Swift (XCTest), Kotlin (Espresso), Appium, C#, Postman, TeamCity and SQL

*Test Engineer, Tyro Payments*

Tester in Agile (Extreme Programming) iOS team. Lead performance testing initiatives, assisted product with SQL/Tableau reports and managed integrated test environments.

Tech: Swift (XCUITest), Java, JMeter, VMWare, Jenkins and PACT Contract Testing

## OTHER TECH SKILLS

- Security Testing
- Linux/Mac/Windows
- ACS member since 2012
  - certified tech professional

## ACHIEVEMENTS

- Past Leader of Sydney Testers Meetup Group
- Presented at 18 conferences
- Past President of Robogals UTas

## EDUCATION & TRAINING

- Graduate Diploma in Financial Advice (TAFE NSW, 2020 - 2022)
- OWASP's top 10 security testing (2016)
- Rapid Software Testing by James Bach (2015)
- Bachelor of Computer Science (UTAS, 2008 - 2012)
